CONDITION OF THE MARKETS

Better Crop Prospects Cause a Weak Feeling in Wheat and a Drop in Prices.

Corn Fairly Active but Easier and Lower-A Sharp Decline in the Price of Oats-Pork Advances Slightly-Lard Steady.

MONEY, STOCKS AND BONDS.

The Market Sinks Into a Rut of Duliness, from Which It Could Not Be Rescued. NEW YORK, April 20.-Money on call was easy at 2 per cent.

Prime mercantile paper, 426 per cent. Sterling exchange was dull but steady at \$4.864 for sixty-day bills, and \$4.874 for de-

The total sales of stocks to-day were 81,256 shares, including the following: Atchison, 7,-750; Delaware, Lackawanna & Western, 2,300; Hocking Valley, 5,060; Louisville & Nashville, 2,665; Missouri Pacific, 3,120; Northwestern, 1,410; Oregon Transcontinental, 2,100; Reading, 8,300; St. Paul, 3,900; Union Pacific, 3,950; Western Union, 1,526.

The stock market to-day was wholly professional, and not even the handsome gain of the bank reserves of over \$7,000,000 was sufficient to rouse it out of the rut of dullness into which it had fallen. The temper of the room was conservatively bullish, especially upon the specialties, and while there was some selling by Chicago and the "bears," the buying was of a better character and served to appreciate values to a moderate extent. The opening was made generally at about last evening's figures, although Texas Pacific was up 3sc, and Burlington and Oregon Transcontinental down a like amount. Chicago Gas led the list in point of activity, and it moved up & per cent., crossing 100. Chattanooga rose 112, to 95; New England, 13s; Louisville & Nashville, 1 per cent., Burlington, s, and others smaller fractions. The upward movement received a slight check, and at the end of the first hour realizations reduced quotations a shade. Later, however, Oregon Navigation and Hocking Valley became weak, and both retired materially from their last previous quotations. The rest of the list presented no feature whatever, but Sugar Trusts were again active and strong, moving up from 904 to 92 at the close. The close was quiet but firm at fractional advances for the day. The advances are generally for small fractions, but New England rose rally for small fractions, but New England rose
14 and Louisville & Nashville 13s, while Navigation lost 25s and Hocking Valley 24.

Railroad bonds were quiet, the sales of all
issues amounting to \$865,000, and while the
tone of the dealings was generally firm, there
were a few weak spots in the list.

Government bonds were dull but firm.

State bonds were neglected. Closing quota-

TRADING AT CHICAGO.

The Ups and Downs of the Market, with the Range in Prices of Leading Articles. CHICAGO, April 20.-Continued fine weather and the best of crop prospects had a weakening effect upon holders of wheat, and the market ruled lower. The speculative offerings were quite large, there being some "short" selling, but the offerings consisted mostly of "long" wheat, which holders had become tired of holding for an expected advance, and which they were closing out. The interim between Thursday's closing and to-day's opening sales were made at 212 @ 3c decline for May, and at 1214c for July, with May selling off 1'sc more, and closing 35sc lower than last Thursday, while July sold off 1'go more and closed 2'go lower than last Thursday. Corn was only moderately active, with the feeling easier. Trading was largely local, though some selling was done for country account, Transactions consisted chiefly in transferring May to the more distant months. The market

opened 4c lower than the closing prices of Thursday, was easy, and sold off 4c, recovered 4c, ruled easier, and closed 3c 4c lower than Thursday. Oats were active, but weaker and lower, prices declining 7c 14c from Thursday. The market reacted slightly, but closed easy at the inside prices. The weakness was due to The market reacted slightly, but closed easy at the inside prices. The weakness was due to good receipts, fine weather and the decline in wheat. May was the weakest, being sold freely by the tired local "longs" and against holders in interior elevators. "Shorts" were the principal buyers. Early in the day trading was moderately active in mess pork, but little interest was manifested during the latter part of the session. Prices were 7½210c lower at the opening, but the dethand was suficiently active to advance prices 2022½c. Toward the close an easy feeling prevailed, and prices receded 7½210c, and closed quiet. Trading in lard was unusually light, and changes in prices were slight. Prices ruled steady at about .02½c advance. advance. A quiet feeling prevailed in short-rib sides. Prices were .0212@.05c higher early in the day, but receded again slightly, and the mar-

Dry Goods. NEW YORK, April 20.—There was but a light movement in dry goods to-day, though there was a fair volume of mail orders received by both agents and jobbers. The only incident of interest was a drive in shirting prints by H. B. Claffin & Co.

INDIANAPOLIS MARKETS.

The Volume of Trade Very Satisfactory, and the Outlook for Business Bright.

INDIANAPOLIS, April 20. Almost without exception the wholesale men speak of the trade of the past week as having been very satisfactory, while the traveling salesmen who came in to-day brought good orders, and speak of the outlook for business as being very favorable. In prices this week there have been but few fluctuations. Sugars range 12c higher than a week ago, and are still upward in their tendency, while coffees carry a very firm tone, and other staple groceries are steady. In the produce markets it has been rather an active week. Choice butter is in light supply, and really desirable stock brings our best quotation. Eggs, with light receipts and a large demand, rule firm. Poultry is coming in very freely in the last day or two, and with this there has been a slackening demand, causing prices to go off another loc todemand, causing prices to go off another 12c to-day. Shipments of new cabbage in here have become light, and prices are higher. Irish pota-toes are in large supply and selling low. New potatoes are on the market at \$6.50\(\overline{a}\)7.00 per barrel. Receipts of strawberries are light, and of inferior quality, and are selling at 30\(\overline{a}\)40 cents per quart. There were no tomatoes on the market to-day, and the receipts of the week have been light, but larger arrivals are looked for from Florida pext week. The wool market is from Florida next week. The wool market is very quiet. The seed market is active. Clover is a little off in price, but other seeds are firm. Receipts of oranges have increased largely in the last day or two, and prices are easier, although not quotably lower, while lemons, on light receipts, are firmer.

The Indianapolis Market Report shows the receipts of wheat to-day to have been 6,600 bu. against 1,200 bus on Friday. The market is firm although prices are some easier. The local mills are slow buyers at quotations, but shippers are paying full prices. We quote:

Corn—Receipts, 4,200 bu; yesterday, 3,600 bu. The market is but little changed.
